

1st of May 2020

Dear parents and children,

We wish you are all well and that you spend your time creatively with your family.

We would like to inform you that new material has been posted in the CURRENT category, which concerns the thematic section of SPRING.

This material is distributed in a weekly schedule, covers the period from 1st until 8th of May and you will be able to choose at least one activity daily to keep your children constructively active.

We expect from you to send to the e-mail of our school (nip-potamos-germasogeias1-lem@schools.ac.cy), relevant work of your child so we can give back personalized feedback to your child.

Finally, we would like to inform you that, in the category LINKS and specifically in the post dated 8/4/2020 (LINKS FROM GOVERNMENT SERVICES), in slide 5, the Ministry of Education has enriched the proposed activities.

Thanking you in advance,

Waiting for the works-activities of your child

Natasa, Maria, Laura
